Patriotic Fund

Claresholm Constituency
The total sum which this constituency gets credit for 1915-16 is three per cent of the South Alberta Branch is \$2750.00. This sum was split as follows:
Sums appearing in the books of the Claresholm Branch for 1915-16 received in Calgary after 1st Oct. and before 12th Oct. 1915 \$115.00. Some-what from Clonnam Branch \$380.00. Sums received from Claresholm Branch appearing in books of Claresholm Branch 1915-16 \$210.00. Sum remitted from Rocky Cook \$215.00. Total \$710.00.

\$170.00 appearing in Claresholm Branch books 1915-16 was remitted to Calgary on the last day of August, 1916, and also \$300.00 remitted from Clonnam, but as the books of the South Alberta Branch closed on the 31st August, unfortunately these sums are not credited for 1915-16, but will have to form the nucleus of the 1916-17 subscription from Claresholm constituency.

THE PATRIOTIC HONOR ROLL

If an honor roll of these communities which have done best for the Patriotic Fund were to be established, the village of Eskine would surely merit a prominent place on it. With a population of somewhat less than 200, Eskine has contributed to the Patriotic Fund since the first of February the sum of \$766.50. It is perhaps not wise to make comparisons, as no doubt there are other places with similarly creditable showings. But if every locality responded as Eskine has done, there would be no problem about raising the Patriotic Fund. How many communities will move over into the Eskine class this big campaign starts here!

We think it desirable to again publish the scale of assistance allowed from the P. F. Patriotic Fund, assistance is given only in case of need, only in very exceptional cases is relief given to officers wives and family and there is none in Southern Alberta. receive-aid. To the private soldier wife without children \$10.00 per month. One child, 1 child and under, \$8.00 per month. Two children, 2 children under 16, \$6.00. Where there are several children not more than one in a family is to be rated in class 1; not more than one in class 2 even though there are others between fifteen. The rest, no matter what their ages, to be rated in class 3 with a maximum amount to any one family is limited to \$35.00.

All applications for assistance come before the local committee for the town or district in which the dependent may reside and are then forwarded to the local office (in case of Claresholm) Calgary and dealt with by the central committee. Cheques for dependents are forwarded from Calgary to the local secretary at the end of each month and are then noted by the local secretary and mailed to dependents.

Looking Into the Future

Be prepared! When the present war broke out Canada was unprepared. It was un-expected. We do know, however, that a commercial and industrial upheaval is coming. For this we must prepare.

What can you do? What are you doing in the way of preparation? "We are now living the greatest peak of history, and for generations to come men will look back upon this time of peace and ponder."—Rev. S. D. Chown, D.D.

Our sons and grandsons will pass judgment upon us. By our works will they judge us. They will com-plate the work of the men who faced suffering and death in the trenches of Flanders, and will say that it was good. But what will they say of the men to whose hands was committed the task of saving the economic and commercial existence of their country?

There is only one way to make Canada great; that is to have all our citizens do some thinking about the country's problems. We have all too prone to think of our individual prosperity. The country has done much for some. It is time they did more for the country.

What are you and I doing for Can-ada comparable to what the men in the trenches are doing? Mark you this question will be asked of us fre-quently in the years to come.

Very little was accomplished at the threshers meeting last week. It was the intention of those who called the meeting to organize the threshers of this district and arrange a scale of prices and weights. According to the report coming to our office, the meeting did not end very satisfactory, and everyone left to run his outfit as he pleases. Some attempt was made to raise the price of threshing to twelve cents, but the price this year is to be ten cents per bushel and we believe that most of the farmers will think it enough.
